

File Integrity Monitoring System (FIMS)

Pricing Strategy

Position FIMS as an affordable, easy-to-deploy file integrity monitoring solution for SMEs using a subscription-based pricing model.

Pricing Principles

- Low entry cost
- Subscription SaaS
- Per-device pricing
- Annual discounts
- Free trial/community edition

Pricing Plans

Plan	Price	Target	Devices	Highlights
Free	\$0	Students/Personal	1	Manual scans, PDF reports
Starter	\$8.99/mo or \$89.99/yr	Small business	5	Office comparison, audit logs
Professional	\$24.99/mo or \$249.99/yr	Growing SMEs	20	Real-time monitoring, compliance reports
Business	\$79.99/mo or \$799.99/yr	Medium business	100	Dashboard, API, advanced reporting
Enterprise	Custom	Large organizations	Unlimited	SSO, AD integration, SLA

Competitive Positioning

Compete on simplicity, affordability, business-friendly reporting, and Office document comparison instead of matching every enterprise cybersecurity feature.
